ABOUT THE CDC
The Frankford CDC is committed to building on the assets of the Frankford community by providing increased job opportunities, building affordable homes, and supporting the development of increased financial resources through growing stable businesses. In order to further this mission, we have three main programs:

1. Targeted Corridor Revitalization Management
2. Neighborhood Advisory Committee
3. Corridor Cleaning

TARGETED CORRIDOR REVITALIZATION MANAGEMENT PROGRAM
Through our Targeted Corridor Revitalization Management Program, we work closely with the Commerce Department and the Office of Business Services to help meet the needs of businesses along Frankford’s main commercial corridor. We connect current and potential business owners with the resources they need to thrive, from navigating permitting processes to identifying loan and grant programs for which you might qualify. In addition, we spearhead the Frankford Economic Development Steering Committee, which consists of representatives from various City and community groups and whose purpose is to identify and strategically pursue projects that will have tangible results in revitalizing Frankford. Feel free to contact our Commercial Corridor Managers, Ellie Devyatkin and Ileana Garcia, at 215-743-6581 with any questions or visit us online at http://frankfordcdc.org/business-services/.

NEIGHBORHOOD ADVISORY COMMITTEE
Through our Neighborhood Advisory Committee (NAC) we work closely with the Office of Housing and Community Development to provide affordable housing resources to neighborhood residents. We are committed to working on behalf of the community and acting as mediators for a wide range of community issues such as housing and development, home preservation, utility assistance and system repairs, reducing neighborhood blight, job readiness, youth mentoring and outreach programs. The Neighborhood Advisory Committee empowers neighborhood residents to control what goes on in the neighborhood around housing and business development. This level of community empowerment is evidenced through the composition of the board, 51% of which is made up of community residents, and our community zoning board, which is solely made up of neighborhood residents. For more information, contact our NAC Coordinator, Christine DeJesus, at 215-743-6581 or visit us online at http://frankfordcdc.org/housing/.

CORRIDOR CLEANING PROGRAM
Outside of providing housing and business based resources to our constituents, the Frankford CDC engages in several community beautification efforts through our own Corridor Cleaning Program and our partnerships with local Friends of the Parks groups, gardening groups, and other local grass-roots organizations with a mission geared at beautifying Frankford. For more information, contact our Corridor Cleaning Manager, Eugene Thomas, at 215-743-6581.

CURRENT PROJECTS
Recently, we have been working on two exciting projects—Destination Frankford and Frankford Pause. Destination Frankford is a creative-placemaking initiative aimed at enhancing and expanding the resources of Frankford’s growing arts, artisanal industry, and creative business economy. Frankford Pause is a park we are building in the vacant lot on Paul Street near to the Arrott Transportation Center (formerly Margaret-Orthodox Station).

Please visit us online at http://frankfordcdc.org/ for more information.
DESTINATION FRANKFORD is an arts-based initiative using marketing and creative placemaking to enhance and expand the resources of Frankford’s growing arts, artisanal industry, and creative business economy. Funded by a grant from ArtPlace America, Destination Frankford is a Philadelphia City Planning Commission project in partnership with Frankford CDC. Last summer Destination Frankford brought us a temporary art gallery and several events. Now we are getting new street and wayfinding signage!

The new street signs will replace the signs hanging from the El structures at intersections and those on corners. New wayfinding signage will point to attractions, landmarks, parks, and other destinations. There will also be pedestrian map signs to help provide directions and distances, much like the signage that can be found in Center City. You can expect to start seeing the new signs this summer!
The idea of a temporary, pop-up park was originally part of the plan for Destination Frankford, however as our ideas for the park developed, we realized that temporary just wouldn’t quite do the trick. So now we’re bringing you a new, permanent park at 4671 Paul Street! Currently a vacant lot owned by the city, 4671 Paul Street will be leased by the Frankford CDC and transformed into the Frankford Pause, deriving its name from the necessary pause in conversation caused by the passing of the El.

Frankford Pause will include a stage, seating, green space, garden beds, and shade screens. We at the CDC have lots of exciting events and activities planned for when the park opens, ranging from concerts, to a farmers market, to outdoor group exercise classes. Construction should begin this summer!
